Ludovic TREBALAG

Python developer, web application.

I have just successfully completed the **Python Application Developer** training at OpenClassrooms. After a dozen projects around this language through automation scripts, the creation of **web applications**, **API**... I am now able to retrieve data from API, **secure CRUD** operations , **authentications**, set up a series of **tests**... I would like to offer you my services within the back- end website production environment.
